“Addressing Nutritional and Income Insecurity of Underprivileged Communities by Improving Access to Information on Relevant Government Schemes”

Under this project. This is basically in collaboration with Agramee & European Union AGRANEE has been implementing the above mentioned project in Kaptipada block. Five GPs namely Nota, Saradiha, Sarat, Ranipokhari & Dewanbahali are covered on Information Sharing by Public Authorities under Section 4.1(b) of the Right to Information (RTI) Act.

Improve quality of life of poor local communities in remote tribal pockets by enhancing participation in local governance, and improving information and access to Govt. schemes.

In between we have completed 2nd year of the project out of five year project period. As per plan we have established a Block Information Centre for Kaptipada block at village Dilesar from where people can easily access to information on different government schemes & programmes.

Two major citizen forums namely Citizen Action Group at block level and district Right to Information have been formed & functionalised to address common/local issues actively as well as ensure people’s participation in government programmes like- primary education & health, nutrition, MGNREGA and self governance etc.

Though regularity of children in school & AWC is not so encouraging but 100% enrolment is achieved so far our project action area is concerned. Though few steps have been taken towards ensuring 100 days work to all job seekers but not yet fulfilled.

Also some extent we have achieved success in ensuring people's especially women participation in local self governance system i.e. Palli Sabha & Gram Sabha.

Alternative Vaccine Delivery System

This was the fifth continuation year of the project and activities undertaken similar to previous years. Under this assignment Agranee had taken the responsibility of delivering vaccine at 92 session sites of Karanjia block covering all 22 ANM sub-centres as part of routine immunization activities under NRHM. Giving necessary orientation, we have deployed six local boys dividing the entire block in six routes

for smooth implementation of the AVDS under the terms and conditions specified in the signed agreement by both the parties.
