## **“Addressing Nutritional and Income Insecurity of Underprivileged Communities by Improving Access to Information on Relevant Government Schemes”**

In collaboration with Agramee & European Union AGRANEE has been implementing the above mentioned project in Kaptipada block of Mayurbhanj district taking only five GPs namely Nota, Saradiha, Sarat, Ranipokhari & Dewanbahali focusing on Information Sharing by Public Authorities under Section 4.1(b) of the Right to Information (RTI) Act. Improve quality of life of poor local communities in remote tribal pockets by enhancing participation in local self governance and improving information sharing for better access to Govt. Schemes is the prime motto of this initiative.

In between we have completed 4<sup>th</sup> year of the project out of five year project period. As per plan we have established a Block Information Centre for Kaptipada block at village Dilesar from where people can easily access to information on different government schemes & programmes. Apart from those two major citizen forums namely Citizen Action Group at block level and district Right to Information have been formed & functionalised to address common/local issues actively as well as ensure people's participation in government programmes like- primary education & health, nutrition, MGNREGA and self governance etc.

CAG Members meeting is in progress

District RTI Forum meeting at Baripad

Though regularity of children in school & AWC is not so encouraging but 100% enrolment is achieved so far our project action area is concerned. Though few steps have been taken through the project towards ensuring 100 days work or as demanded by the job seekers but not yet achieved much. We have achieved success in ensuring people's especially women participation in local self governance and government sponsored schemes / programmes.

Apart from CAG & RTI forum member's capacity building & meetings we also organised a numbers of activities for various existing committees i.e. JC, MC & SMC members get together for better understanding and coordination amongst themselves.

SMC Convention in Agranee Campus

### **Solar Digital Night School**

AGRANEE has been running two "Solar Digital Night Schools" in Kaptipada (one in each Raipokhari & Dewanbahali GPs) block of Mayurbhanj district with the support of SWRC, Tilonia, Rajasthan aiming at provide digital education through applying modern technology for rural minds. A total of 61 out of school, dropout, irregular and working children belong to tribal communities are being provided free education during their leisure hours (evening) in both of the centers. Apart from traditional TLM digital teaching learning materials like- Solar power run Projector and I Pads have been provided to the centers and adequate training to the local youths as teacher/facilitator.

## **SIA Study undertaken by AGRANEE**

In Association with State SIA Unit, Nabakrushna Choudhury Centre for Development Studies (NCDS), Bhubaneswar, AGRANEE has undertaken a Social Impact Assessment Study of Land Acquisition of Private Land for Improvement of Road from Nakagate to Kateni in two Villages (Gothapatana & Changanapatna) of Khurda District, under Gothapatana GP of Bhubaneswar block as a consultant agency and the field work is in progress at village level.

## **Alternative Vaccine Delivery**

We are in the sixth continuation year of the project and activities undertaken similar to the previous years. Under this programme Agranee has taken the responsibility of delivering vaccine at 92 session sites of total Karanjia block covering all 22 ANM sub-centres as part of routine immunization activities under NHM. Giving necessary orientation, we have deployed six local youths dividing the entire block in six routes for smooth implementation of the AVDS under the terms and conditions specified in the signed agreement by AGRANEE and MO/IC Tato, Karanjia, Mayurbhanj.

## **Malaria Eradication Programme**

In collaboration with SWRC, Tilonia, Rajasthan AGRANEE has implemented a small malaria eradication programme in two selective small villages in which our digital night school are in operation. After analyzing the problems of the target families we focused on preventive measures like keeping their village environment as well as home surrounding clean & dry, universal and appropriate use of mosquito net and overall educated people about the dire consequences of fatal malaria under the programme. Accordingly IEC activities i.e. village level meeting/materials demonstration, baseline survey & street play organised prior to family wise free distribution of mosquito nets. A total of 50 double bed nets distributed among 26 needy & poor families as part of demonstration.
